

# Food Grade Aerosol Sprays

Our full range of food safe aerosol sprays include for of NSF registered oils, greases and cleaners available in aerosol spray form offers a complete solution for all types of food processing areas. This **TRIBOFOOD** range complements our extensive range of food safe greases, oils and lubricants.

This includes gear oils, hydraulic oils, white food greases in a range of consistencies, synthetic food greases and our **FOODGLIDE 3H OIL** and **FOODGLIDE 3H GREASE** for use in direct food contact applications.

Some of our **IKV-TRIBOFLON** and **IKV-FLUOR PFPE** products are also NSF H1 registered and perform well as lubricants in extreme high or low temperatures or where aggressive cleaning processes are encountered, all of which can adversely affect the life of conventional lubricants. We also have an extensive range of high temperature bakery chain lubricants for use in bakery tunnel and spiral ovens. Please also speak to us about lubricants for use in freezers, chillers and extreme low temperature applications where food grade products are also required.

**TRIBOFOOD CHAIN AND DRIVE SPRAY** is an NSF H1 registered food grade chain spray. It is a highly tenacious, anti-fling lubricant designed for chain and drive systems in food manufacturing and processing plants.

**TRIBOFOOD PENETRATING SPRAY** is an NSF H1 registered multi-purpose food grade lubricant with penetrating properties for use in and around food processing areas. It is ideal for use on cables, conveyors, chains, cams, castors, hinges, bearings and pins. It is a non-toxic, versatile lubricant with good corrosion protection.

**TRIBOFOOD SILICONE SPRAY** is an NSF H1 registered food grade spray designed to lubricate, release and protect a wide range of parts and equipment in food manufacturing and processing environments.

**TRIBOFOOD WHITE SPRAY GREASE** is an NSF H1 registered food grade spray grease which is highly recommended for use in the food processing industry in the lubrication of roller and needle bearings. It is an exceptionally tenacious lubricant and not easily washed off.

**TRIBOFOOD RAPID CLEAN** is an NSF K1 and K2 registered food grade fast drying solvent and electrical cleaner. It does not leave any residue behind or contain any chlorinated solvents and is designed to dissolve away all types of workshop contaminants without the need for subsequent rinsing.
